

Lincolnshire Steam and Vintage Rally

The Lincolnshire Steam and Vintage Rally was held over the weekend 21/23rd August. We were fortunate with the weather once again as the sun shone for the whole weekend.

It was good to see a number of familiar faces rolling through the gates, and situation normal as Terry and Angela set up camp on their favourite corner, historically known as 'The Barracks'!!

Arriving on Thursday afternoon to set things in motion, we had the pleasure of seeing all the beautiful full size engines arriving, either

under their own steam, or on low loaders, during Thursday evening, or, at some point on Friday. As they are positioned directly opposite our parking up area we really do have a ringside seat!

The Fair was set up and running on Friday evening too, including a certain persons favourite, 'The Wall Of Death'!! That, together with the Dodgems, Gallopers, Helter Skelter

and all the rest made for a noisy but fun evening.

During Saturday and Sunday, the ring was never empty, engines, tractors, lorries etc trundled around the ring to great admiration and applause. There were plenty of set exhibits to ponder over too, fire engines, vintage buses, army, motorbikes and barn engines to name but a few. There were plenty of stalls to browse ranging from plants to pies with everything in between. Altogether another very successful show that we all enjoyed.

Roll on 2016 !!
