SANGO SANDS OASIS

OPEN: April through October

Telephone: 07838 381065

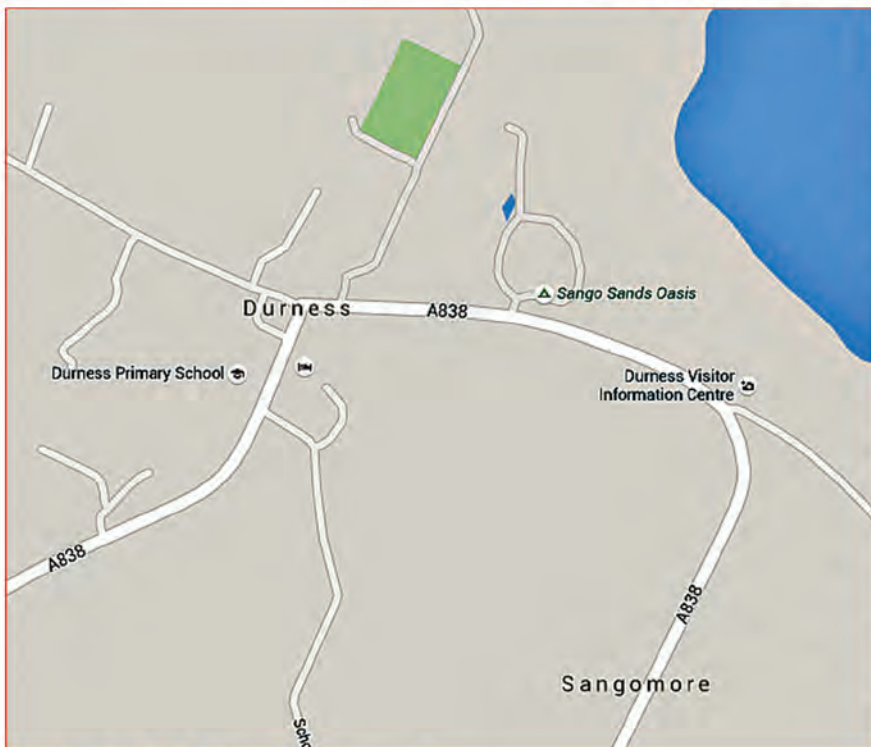

DIRECTIONS:

Very simple for this site - navigate your way onto the A838 heading North toward Durness and you simply cannot miss it!

Please note: You only need to book in advance if you need an electric hook up – we have plenty of grassy areas all around the site with great sea views

Come and use the site for free off season – November to March – the facilities block is closed but you can have a hook-up at a cost of £7 (2015) if you need it. If you need a toilet - there are public toilets open - beside the Spar mini supermarket which is about 100 metres from site entrance.

Found on the cliff tops above award winning beaches, Sango Sands Oasis Campsite offers amazing sea views on the North West tip of Scotland in the village of Durness. This is an ideal stop off if you are doing the North Coast 500.

Adjacent to the Campsite is Sango Sands Oasis Restaurant and Bar. Here you can find great food, a full bar with a range of Scottish whisky, a local welcome and a stunning view of the sea. Whales, seals and even the occasional Bottlenose Dolphin may cruise by as you take in the impressive views that keep some of our visitors coming back every year.
