Telephone: 01779 473358

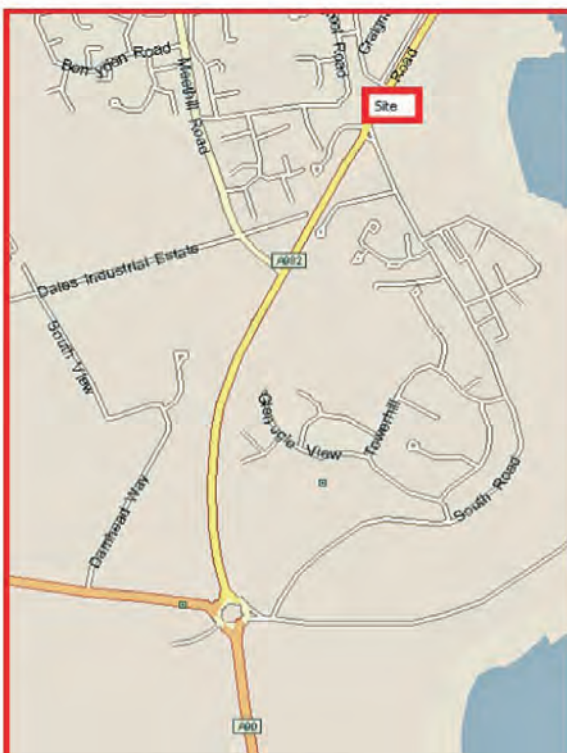

DIRECTIONS:

Head for the roundabout on the A90 to the south of Peterhead where you should turn north onto the A982 heading into Peterhead. After approximately 1 mile you should see the site appear on your right-hand side.

Peterhead is located at the most easterly point on the mainland and is bracketed to the North and South by stunning and dramatic coastlines. Peterhead is the largest settlement in Aberdeenshire and was once popular for being a Spa town but it is also steeped in fishing history, and remains to this day as Europe’s premier white fish landing and processing port, as well as a burgeoning service centre to the North Sea Oil Industry.

Situated at Peterhead Lido, the caravan park overlooks the busy Bay and Yachting Marina and has direct access to the prize-winning clean beach, children’s play area and other facilities.

26 touring pitches each with a hook-up. There are recycling facilities on site, a laundry with free hot water for hand-washing, ample showers with free hot water and dish-washing facilities. Dogs are welcome with responsible owners. Calor gas is available for purchase on site. Baby changing facilities.
