HIGHFIELD TOURING PARK

Open: All year

Telephone: 01631 720262

Email: tralee@easynet.co.uk

DIRECTIONS FROM THE SOUTH:

From Glasgow head for Erskine bridge on the M8 and look for the signs heading to Dumbarton or Crianlarich.

As you exit Dumbarton follow the signs for Crianlarich. After 40 miles - in the village of Crianlarich - turn left heading for Tyndrum, you will see signs for Oban from this point. As you exit Tyndrum follow the sign for Oban, from here you still have 30 miles to go. After 20 miles - still following the signs for Oban - you will be getting close to the village of Connel.

A good land mark will be the Connel bridge which you need to go over. To do this - drive under it and then turn left following the signs for Fort William. Three miles after the bridge you will arrive in Benderloch.

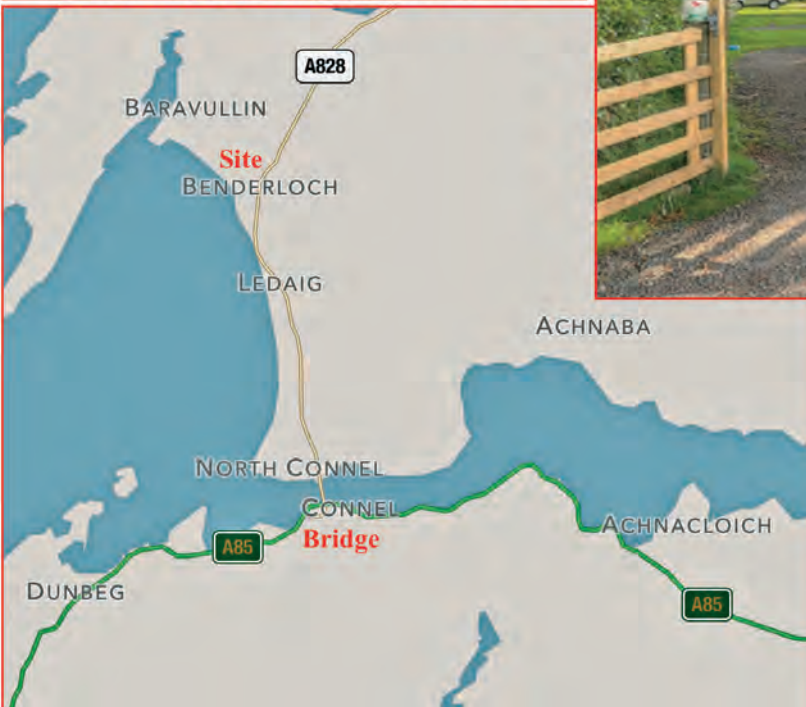

Drive through the village and turn left just before the School - heading down a very straight half mile long road with passing places. The site is about half way down on the right-hand side. Happy travelling

Sat Nav users:

The post code PA37 1QS will direct you to the Church in the village NOT to the park.

From the North: turn right as you enter the village of Benderloch just after the school.

From the South: turn left as you exit the village before the school. Both are signed Tralee Bay Holidays.

Located on the beautiful West coast of Scotland 9 miles from Oban, 3 miles north of Connel Bridge. Overlooking the picturesque Ardmucknish Bay, sheltered by woodland surroundings and a long sandy beach, Highfield is the ideal destination for a motorhome holiday, any time of year.

Walk through the woodland down to the beach path, along a natural wooded peninsula with panoramic views all along the beach.

However, this site is being re-developed so be aware that you **MUST** telephone ahead to check for pitch availability. Originally a Caravan Club CL, it was so popular it was almost impossible to book a pitch!

Max RV: 40ft / **EHU:** 16amps / **Base:** Grass & Hardstanding
