OPEN: End of March through October

www.birchwoodfarm.co.uk

Email: enquiries@birchwoodfarm.co.uk

Telephone: 01629 822280

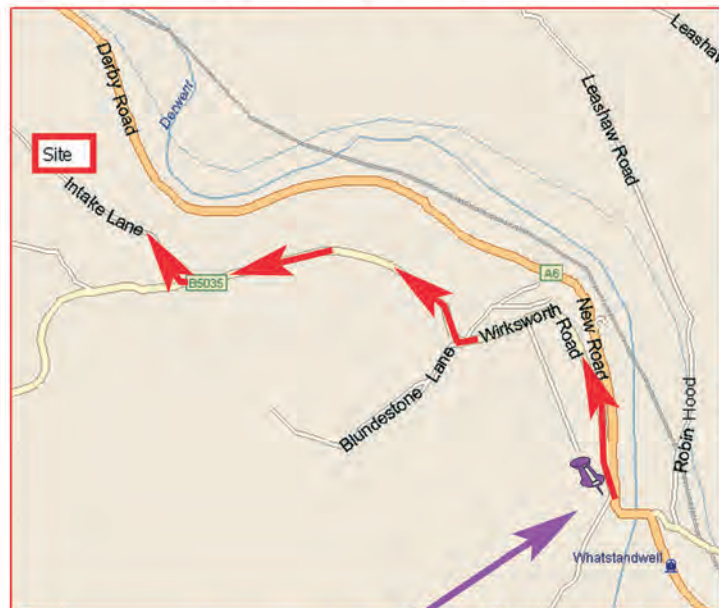

DIRECTIONS:

Travelling from the M1 motorway, leave at junction 28 and travel down the A38 towards Derby. Take the exit for Ripley and Ambergate and follow the A610 towards Ambergate. At the end, turn right onto the A6 towards Matlock. Travelling down the A6 you will come to a sharp left turn over the river. A pub is facing you at this point. Once over the river the road turns sharply right, and another road branches up the hill to the left. Take this road up the hill. (B5035 Wirksworth Road). Follow this road which turns to the left, then right and then curves left again. As it straightens out, the entrance to Birchwood Farm is on the right.

A warm welcome is offered to visitors old and new by owners Frank, David and Carol Smith and their family. Set in an area of outstanding beauty on the hills above the Derwent Valley, on the edge of The Peak District, this working farm has long been associated with holiday makers since the 1920's. Situated in a central position for many of the main attractions in the area, we cater for tourers, tents and motor homes. We also have 2 holiday homes for hire on a weekly basis. The site has a toilet block with free showers and there are laundry facilities, which include a washer and dryer using tokens. A separate covered Dish

is also available. There is a shop selling basic goods, ice cream, confectionary, calor gas and camping gas and daily papers. Situated on the Midshires way, we are a walkers and mountain bikers paradise. Walk through our beautiful woodland, which is a mass of bluebells in the spring, to reach the HighPeak Trail or Cromford canal approx 10 minutes away. Dogs are welcome but must be kept on leads at all times and exercised off site and not left unattended.
